Aqua lung titan lx. Aqualung titan lx purge cover. Aqualung titan lx supreme. Aqualung titan lx first stage. Aqualung titan lx review. Aqualung titan lx service manual. Aqua lung titan lx regulator. Aqualung titan lx regulator review.

The Titan 1st Stage regulator uses a balanced diaphragm mechanism that results in ease of breathability and consistent performance. It features a compact and light T-shaped design with 2 HP and 4 MP ports. The second stage is a medium-sized high-performance demand valve that features a venturi knob that stops unwanted free flow when the regulator is out of a diver's mouth. The demand valve is made of reinforced polycarbonate material that offers superior strength properties. Order Details: Titan Stage Regulator Single, Aqualung D-PD-350 Titan LX Second Stage, Demand Valve, Aqualung D-PD-351 Read More The Titan 1st Stage Regulator uses a balanced diaphragm mechanism that results in ease of breath and consistent performance. It features a compact and light T-shaped design with 2 HP and 4 MP ports. The second stage is a medium-sized high-performance demand valve that features a venturi knob that stops unwanted free flow when the regulator is out of a diver's mouth. The demand valve is made of reinforced polycarbonate material that offers superior strength properties. Order Details: Titan Stage Regulator, Aqualung D-PD-350 Titan LX STAFF ONLY, Demand Valve, Aqualung D-PD-351 Read more Availability This product is not on sale at the moment. Detailed availabilityNotify me When this product is available again Product description. The Titan series titanium regulator features a first stage balanced diaphragm that is equipped with the "Turbo Air Turbo System", an additional channel integrated into the first stage designed to increase the performance of the regulator's breathing. The Titan series uses a standard yoke connector and an optional DIN adapter is available as an accessory. The supreme of Titan LX is the water version Titan LX and can be identified by the "snowflake" seen on the front of the case. It has all the same features as the Titan LX and the additional cold water features: - First stage environmental dry seal kit to prevent ice from forming in the first stage. stage. Adjusted to pass the strict European standards for the performance of the cold water regulator. Built-in heat exchanger; a lip shield of the nozzle for heat in the extreme cycle of the first stage of the first stage of the diaphragm of the first stage. , the lightweight second stage maintains a constant ease of inhalation as the venturi adjustment switch of fall fall of the pressure 3n of the tanks (VAS) reduces the sensitivity to free flow on the surface and provides the maximum airflow to the exclusive nozzle of the deep comfort bite. 4 low pressure ports and 1 high pressure ports; all ports at angle for optimal hose position.
